- Helps to defray the cost of the development and maintenance of high-quality digital geospatial data on Maryland's Eastern Shore
- For more information see State Government Article, Sections 10-901 et seq. of the Annotated Code of Maryland

#### USER CLASSIFICATION

The ESRGC implements discount rates for different classes of data licensees. This is to help insure equitable access to the spatial data. However, the reproduction fee (see above) always applies, irrespective of any discounts.

For profit company	No discount
County contractor	No development fee but data must be destroyed when contract expires
State government	Variable; County desires to craft data sharing agreements

Local government	Governed by intergovernmental agreement; Contact Caroline County Department of Planning and Codes for more information
Non-profit company	50% discount
Educational institution	50% discount
Private citizens	Currently, the ESRGC does not provide Caroline County data to private citizens
High volume	50% discount when ordering entire county. Call for more information.

## **SPECIAL PROCESSING**

If the licensee requires special processing, please contact the ESRGC to receive a quote for the service. Examples of special processing would include: spatial clipping, reprojection (by default, all datasets are in Maryland State Plane Coordinate system, NAD 1983), and other data manipulation. The cost of these services can vary greatly depending on the extent of the requested modifications.

---

## **HOW TO ORDER:**

Order forms may be found at the ESRGC website ([www.esrgc.org](http://www.esrgc.org)) as well as index maps of the County's spatial data tiles. Order forms (for either image/raster data or object/vector data) must be submitted, along with a Copyright Owner License Agreement and an ESRGC Data Distribution Agreement before an order can be processed.
